

## **Campus Pastor Job Description North Peace MB Church**

### Accountability

The campus pastor is accountable to God and the congregation through the board of elders. The campus pastor reports directly to the Lead Pastor. He will also be a non-voting member of the elder's board.

### Job Description

North Peace MB Church has a desire to multiply. One of the ways we sense God calling us to do this is by being a multisite church. We are looking to plant a campus in Fort St. John to reach lost people where they live. The Campus Pastor position is crucial to this vision. We see the Campus Pastor being the shepherd and discipler at our second campus.

Our Lead Pastor will oversee the preaching ministry at both campuses, and would work with the Campus Pastor to equip and train leaders for the mission. The Campus Pastor would not be expected to preach regularly (ie. every week) but would be in the preaching rotation.

We are not looking to simply duplicate our services somewhere else in town. We want to intentionally reach out into the neighbourhoods of Fort St. John to reach lost people where they are at. We want to see lost people come to know Jesus and see them disciplined to join the mission of making disciples. The Campus Pastor would oversee much of the day to day shepherding, discipling and evangelism of this church site.
